**Admirals Cove Foundation Awards \$35,000 to the Wounded Veterans Relief Fund
to Support Dental Care for Disabled Veterans**

North Palm Beach, FL – April 10, 2025 – Wounded Veterans Relief Fund (WVRF) is proud to announce a new grant of \$35,000 awarded by the Admirals Cove Foundation to support its Critical Dental Assistance Program, which provides comprehensive oral healthcare to wounded and disabled veterans in Florida.

This funding will be dedicated specifically to veterans living in Northern Palm Beach County who are in need of vital dental care but do not qualify for treatment through the VA. Far too many veterans suffer from untreated dental issues that affect their health, confidence, and quality of life. The support from Admirals Cove Foundation will help WVRF continue closing that gap.

In partnership with Dr. Cohen of Jupiter Mobile Dentistry, WVRF will use these funds to deliver on-site dental care to qualified veterans—ensuring timely, compassionate treatment that restores both health and dignity.

“We are incredibly grateful to the Admirals Cove Foundation for their commitment to veterans and their belief in our mission,” said Nick Cannon, Director of Operations at WVRF. “This grant will directly improve the lives of veterans in Northern Palm Beach County by restoring something most of us take for granted—the ability to smile and eat without pain.”

WVRF’s Critical Dental Assistance Program has served hundreds of veterans across Florida and continues to grow through key community partnerships like this one.

About Wounded Veterans Relief Fund

WVRF is a Florida-based 501(c)(3) nonprofit organization dedicated to providing urgent financial assistance and critical dental care to wounded and disabled veterans. Since 2009, WVRF has helped thousands of veterans regain stability and dignity as they transition back into civilian life.

About Admirals Cove Foundation

The Admirals Cove Foundation supports nonprofits throughout Palm Beach County that are focused on community impact, healthcare, education, and the well-being of underserved populations. Their continued support of veterans ensures local heroes receive the care and respect they deserve.
