Location: Brandon, FL; Future Jacksonville, FL

Notes: In addition to our Veterans Villages, which address homelessness in key metro-areas, the Tunnel to Towers Homeless Veteran Program assists veterans and their families across the

nation, no matter their location. Our National Case Management Network currently provides housing assistance and access to necessary supportive services in nearly every state. This internal team of case managers, housing and employment coordinators, and behavioral health specialists are dedicated to working with veterans to determine their immediate housing needs, finding safe and dignified accommodations, and rapidly providing them with housing accommodations.
